1. [REDACTED] Acting Chief, FE Branch of CI/ICD came to SIC on 13 May with a request for a special running of the Communist Party Organization and Operations course. He explained that the Chief/FE was concerned about the lack of operations against the Party in that area and had ordered that work be started in this direction. As a result of ICD meetings with various branches of FE Division it was found that the case officers who are responsible for initiating the work have had neither Communist Party operations experience nor the courses in Communist Party Organization or Anti-Communist Operations. It was [REDACTED] purpose, therefore, to inquire into our willingness and ability to set up and run a course for twelve to fifteen case officers from FE. We volunteered to give a course on a full or part-time basis and at a classroom in their area if they so desired. [REDACTED] will inform us when and where and in what form they wish the course to be given. At this point we could do no more than indicate our willingness to arrange the course according to their specifications. [REDACTED] presumed that it would begin by the end of May or the first week in June. We anticipate running this course much in the manner of the Anti-Communist Operations course; i.e., in seminar fashion and we plan to call on the services of ICD for various presentations.

We plan to set up a schedule of presentations which will deal rather quickly with the generalities of Communist Party Organization and Operations and spend the major portion of the time dealing with the "nuts and bolts" of running Anti-Communist Operations.

1. [REDACTED] participated in the LAS course on East Asia. [REDACTED] spoke on 8 May regarding "The Political System of Chinese Communism". [REDACTED] presented "The Political System of Soviet Asia" on 11 May.

[REDACTED] spent the morning of 12 May with the [REDACTED] in the East Building Conference Room. He was apparently interested in our informal presentation dealing primarily with Communist activities in the labor field. At the end of our presentation he asked that we send to him various pamphlets, booklets and a bibliography which we had shown to him. We have delivered the materials to the Branch for pouching. Mr. J. C. King appeared shortly before we took leave of the visitor.
